

GLAZIER CAREER PROFILE

What's in it for me?

- Complete an apprenticeship and gain a well paid job and career pathway www.careersinglass.com.au
- The industry has a full mentoring and support system www.aggamentors.com.au
- Operate the latest technically advanced glass processing machinery
- Work on site, in a healthy, outdoor environment
- Climb to team leader, and advance to management positions
- Enjoy flexibility and training options

Glazier

A glazier installs or replaces glass in both commercial and domestic environments, which may include:

- Glazing skyscrapers, shopping centres or sporting facilities
- Architecturally designed new homes, restaurants, renovations, extensions or overhead glazing

Glaziers learn a variety of skills such as:

- Cutting glass by hand or by computer controlled machinery
- Using overhead cranes and working safely in teams

Glaziers can also be an important part of the design and specification stage of construction, providing professional advice on energy efficiency, safety and structural glazing.
